

# Benny's Dreamland

On a warm, sunny Friday afternoon, Benny the confused Panda Bear woke ready to start his day. It was Benny's day off today. He would spend the afternoon listening to music and watching TV. He turned on his record player and danced along with a silly Macarena. He danced for so long, that he had to take a nap. Benny dreamed that he was eating a piece of bamboo. The bamboo was so delicious Benny thought; he wanted to eat it faster. He started choking and that's when the confused panda woke up in a cold sweat. He looked around his bedroom, nothing there. Then he looked beside him. Sitting in his bed was the biggest piece of bamboo Benny had ever seen. He screamed so loud, that it reached the ears of Ellie the Elephant.

Ellie went over to Benny's house to see what was wrong. When Benny explained the situation, Ellie laughed out loud and rolled on her back holding her sides. She explained that she was on her way to California and that she was taking her magic carpet to get there. She invited Benny aboard and they set off for the coast!

On their flight, they saw a tiger-genie uncontrollably flying towards them. "TAKE YOUR 3 WISHES NOW!" the tiger-genie yelled. First, Benny wished for a magic bow & arrow. Next, Ellie wished that it would rain hot dogs and popcorn. And lastly, Benny wished for infinite lemonade. But Ellie did not like lemonade so she stole 27 gummy bears. When the Port Colborne humane society saw what Ellie had done, they began chasing the two all over town. As the humane society just had them cornered, a faerie princess named Saraphena took them to magical faerie land. The place was filled with bubbles, each one containing its own faerie. Saraphena took them down a magic path where they met an evil witch with her elephant sidekick. The evil witch took down everyone except for Ellie the Elephant. She stomped on the witch and the witch disappeared from sight. The other Elephant laughed really loud because the evil witch was dead. He was finally free!

But suddenly the witch came back and stole all of Ellie's gummy bears. She would have to go door to door to find some more. She knocked on the door of a house in which the lawn was full of garden gnomes. A dwarf answered the door and said: "What do you want?" Ellie asked if the dwarf had a bicycle to spare. Her feet were tired from stomping witches. "I have the shiniest neat bicycle!" said the dwarf. The bicycle had training wheels

so that Ellie could keep her balance on her long journey home.

Along the way, Ellie spotted a mouse and jumped so high that she hit her head off the moon. She got knocked out and was now floating through space. When she finally came to, she realized that she missed her family back home. She hitched a ride on a meteorite to the nearest planet. She landed on Saturn where she was given amazing super powers. She could fly now she was super strong too! Her trunk was 2 times bigger than before and she could grow her tusks to any size she wanted. She decided she would use her powers in a whole new way. She turned herself into Eli the Elephant and flew to Mars. Eli knew he could find some ladies there.

While on Mars, Eli happened to find a lady friend, a raccoon by the name of Chipotle. Eli the Elephant put Chipotle in a cage and sent him down the river. A few hours later, a polar bear named Nolan pulled Chipotle out of the river and saved him. He decided he would take a long nap after such a nice deed. When he woke up, he saw a squirrel that introduced himself as Val, the squirrel. Val then made a beeline for the border, but sadly was caught by border patrol. They threw him in prison. Once there, Val met a friendly fellow named Chill Guy Jordan. His feet stunk, so Val World Starred him.

All of the sudden, this boy named John jumped off a boat. A friendly dolphin carried him all the way back to Port Colborne where Canal Days was being held. The bridge went up and John decided to climb the bottom of the bridge. When the boat passed underneath, John jumped on board. His destiny was to jump onto and off of as many boat as he could.

The boat spontaneously exploded and sent John crashing into water. The bridge started collapsing so John transformed into a dolphin that spit alcohol. He met another man by the name of Jacob the Great. The dolphin and Jacob shared Bombeii Jin, swam in the ocean together, and became best friends! Suddenly, a gigantic fish came and swallowed them whole. He offered them freedom, if they would only clean his teeth. Jacob got angry at the fish. "LET ME GO! OR I'LL USE MY SUPER PUNCH ON YOU!"

Jacob punched the fish as hard as he could, but the fish hardly flinched. "Is that the best you can do?" asked the fish. Just then, a large object was seen in the sky headed towards the earth like a fireball. It was Eli the Elephant coming back into orbit from Mars. He landed directly on the fish, squashing him and sending John and Jacob flying through the air.

On a warm, sunny Saturday afternoon, Benny the confused panda bear woke ready to start his day. He looked around his bedroom, nothing there. Then he looked beside him. Eli the Elephant, John the dolphin and Jacob the Great were all in the bed beside him. Benny just shook his head. "I got to stop eating before bed... My dreams feel way too real."
